# a wellness experience

Our retreats are chance to dedicate **five days to physical, mental, emotional and spiritual rejuvenation** through the integration of fasting, yoga, and the full use of facilities at the Kimi Ora Spa Resort. You will experience the curative and cleansing benefits of fasting that stimulates the body to heal damaged cells and rejuvenate itself. Fresh vegetable and fruit juices, herbal teas, and vegetable broths are provided to nourish and support the body without taxing the digestive system.

Yoga and fasting are **ancient complementary healing systems** and are excellent to facilitate moment-to-moment awareness. The best approach to the fasting process is in a supportive environment, with like-minded people. Both beginner and experienced fasters who seek to improve their general well-being are welcome to attend the retreat.

Facilitator **Valmai Becker** – Naturopath/Herbalist – has 30 years experience in Naturopathy, Herbal Medicine, and running retreats.
